## Summary

Innovative and technology-driven Software Developer with expertise in JavaScript, React.js, and the MERN stack. Strong foundation in OOP, full-stack development, and experience building responsive, user-friendly, and secure web applications. Skilled in problem-solving, team collaboration, and delivering scalable solutions.

## Education

**B.Tech in Computer Engineering**                                                                *Dec 2021 - June 2025*
*Government College of Engineering, Yavatmal*

## Technical Skills

| | | | |
|---|---|---|---|
| **Front-end:** | HTML, CSS, JavaScript, React.js | **Frameworks:** | Tailwind |
| **Back-end:** | Node.js, Express.js, SQL, Java | **Databases:** | MongoDB |
| **Languages:** | English, Hindi, Marathi | | |
| **Other Skills:** | Teamwork, Project Management, Communication, Time Management. | | |

## Work Experience

**Full-Stack Developer intern    (MKCL)**                                                         *May 2024 - July 2024*

- Engineered dynamic web applications using the MERN stack, attaining 100% mobile responsiveness and quicker page load times through streamlined code and modern UI/UX methodologies.
- Developed and integrated secure authentication systems and optimized performance, leading to 25% faster load times.
- Debugged and optimized code to enhance user experience and performance metrics.

## Projects

**ShopSphere - E-commerce Web App** ○

- Developed a full-stack e-commerce platform using the MERN stack with secure authentication and seamless UI.
- Improved performance with Redis caching, used Cloudinary for fast image uploads, and integrated Stripe for secure payments.
- Enhanced order and data management, enabling real-time analytics and boost in operational efficiency.

**Event Horizon - Event Management Hub** ○

- Built a role-based service marketplace platform that allows businesses to list their services and enables customers to search, compare, and book them seamlessly.
- Enhanced frontend performance by optimizing load times and implementing efficient state management for a smoother user experience.
- Developed using React.js, Node.js, Express, and MongoDB, with Tailwind CSS for a clean, responsive, and modern user interface.

## Certification

- JavaScript (Basic) Certificate - HackerRank ↗
- Frontend Developer (React) Certificate - HackerRank ↗
- Soft Skills Certificate - NPTEL ↗

## Extracurricular Activities

- Indore Sports Coordinator, College Sports Committee
- Blood Donation Camp Organizer Team Member
